VII. LIST OF REFERENCES	1112

ACKNOWLEDGMENTS

I wish to extend my heartfelt gratitude to Dr. Jody Isernhagen for encouraging me to take my academic aspirations to the highest level, and for offering words of support these past years. I wish to offer my appreciation and thanks to Dr. Larry Dlugosh for the caring and attentive guidance through my doctoral program. What an honor and privilege it is to be among the fortunate students to refer to Dr. Dlugosh as, “My advisor.”

My research effort would not have been possible without the invaluable assistance and training provided by Dr. Marilyn Grady. She embraced my chosen topic and channeled my attention and focus to the appropriate methodology.

I wish to express my gratitude to the other members of my dissertation committee, including Dr. Martha Bruckner and Dr. James Walter. Thank you for agreeing to be a part of this very important part of my life. I also wish to extend my special thanks to Dr. Jerry Sellentin for agreeing to be an honorary member of my committee and for all the support he has offered over the years.

There are several individuals who have provided me immeasurable assistance in my examination of the Nebraska public school finance system. Mr. Russ Inbody and Mrs. Connie Knoche of the Department of Education, Mr. Tim Kemper of Lincoln Public Schools, and Dr. Dennis Pool of Omaha Public Schools have each offered a tremendous amount of help to me. Thank you to each for their support and for their dedication to public education.

I would like to commend the hard work of the three immediate past chairs of the Nebraska Legislature’s Education Committee, Senators Tom Vickers, Ron Withem, and Ardyce Bohlke, and the current chair, Senator Ron Raikes. Each has, in his or her own way, advocated for policy changes to improve the quality of public education in Nebraska. I would like to offer a special measure of gratitude to former state senator Bob Wickersham and also Senator Ron Raikes for serving as informal, external reviewers of my work.

To my friends and family, thank you for your patience during the time I immersed myself into this project and for your willingness to accept me back into your lives after the completion of my work.

A. Lop-off Calculation under the Tax Equity and Educational Opportunities Support Act.....	1006

PREFACE

The basic purpose of this comprehensive history of the Nebraska Tax Equity and Educational Opportunities Support Act is to provide a record of the Legislature's actions relevant to school finance policy since 1990. This study should be used as a reference for policymakers and school officials alike in order to understand the policy evolution of the existing school finance system.
